

ILLUSTRATIONS // ARINA SHABANOVA

We were excited to come across Arina's world of cheerful, geometric characters full of fun and energy. We especially like the use of bold lines and the crayon-styled textures.

ANIMATOR AND ILLUSTRATOR // NICOLASHOMMEL

Nicolas' work features a great range of 2D and 3D experimental animations. We particularly liked his robot rig, which has a lot of intricate elements and some playful motion.

ILLUSTRATIONS // RAY ORANGES

There is something special about Ray's artwork: he has the ability to tell a whole story with just a few well chosen details. We like his use of overlaying shapes, shadows and bright colours.

REECE PARKER // FREELANCE ANIMATOR AND ILLUSTRATOR

Reece is a talented illustrator and animator from Seattle. The combination of his art style and fluid animation is what makes him stand out.
