

ARMSTRONG (TRAILER) // RUSS ETHERIDGE

The Creatures in our studio adore Russ Etheridge's quirky, alternative 3D artstyle, and we can't wait for the film's full release.

Negative Space & Silhouette Detail

Negative space -- is the space around & between an object (the holes w/ in an object)
 → it makes your silhouette more interesting
 → clarity on what your character is doing

example:

Ⓐ No negative space or silhouette detail

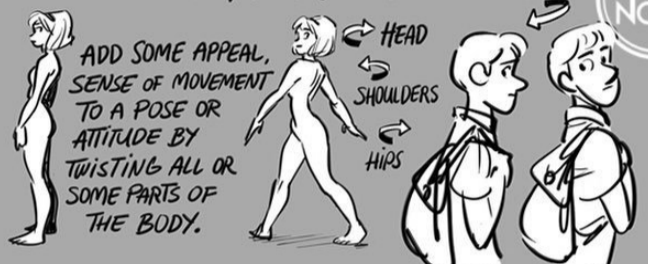

Ⓑ WITH negative space & silhouette detail

from silhouette alone, you don't know that she's reading a book

-the silhouette informs that she's reading a book.
 -skirt detail shows overlapping

WITH A TWIST

OR SIMPLY EXAGGERATE A TWIST TO ADD VITALITY TO A POSE.

GRIZ AND NORM // FEATURE ARTISTS

Disney feature animation artists Griz and Norm share their TuesdayTips every week over on Instagram. It's a great resource for people who love character animation as much as we do!

EIKO OJALA // ILLUSTRATOR

Eiko's thought-provoking graphic designs use a delicate cut-out paper style, which we think looks lovely alongside his block colours.

FEBIN RAJ // DESIGNER

We love the graphic, very atmospheric illustrations that Febin Raj has been creating.
